15. (Confidential - GLC) Received another call from Mr. Wymberley Coerr, INR, State Department, about an Agency position on S. 2224 and S. 1887. I told Coerr that we were still in the process of developing a position and I had no idea at this point as to what decision the Administration would make as to who should be the spokesman for the Executive Branch on these bills. Coerr seemed reluctant to develop a State position until the Agency provided guidance. I urged that, in view of the complexity of this situation, he develop a State position on the legislation and then we would get together. I also suggested that he discuss the matter with Mr. Harrison Symmes, Deputy Assistant Secretary for Congressional Relations, State Department, with whom we have had general conversations about a number of pending bills.

16. (Confidential - GLC) Mr. Richard Perle, Senate Subcommittee on National Security and International Operations staff, called and asked if we could give him a background briefing on Victor Louis who he understood would be visiting the United States. After checking with [REDACTED] and Mr. Donald Jameson, I advised Perle of the status of Louis' trip as we knew it and called his attention to several newspaper articles on Louis. I told him I would be back in touch with him on Monday about a briefing.
